Los Angeles, CA 90023

To Whom It May Concern:

Subject: Primary Plant Headworks & Cannery Segregation Project - FRP Pipe & Fittings

The City of Modesto awarded a contract to Gateway Pacific Contractors, Inc. for the Primary Plant Headworks and Cannery Segregation Project. Included in this contract was a complete odor control system for the new Headworks Facility. The Headworks Facility includes influent pumping, initial screening, grit removal, and flow measurement. The odor control system for all enclosed areas required the installation of FRP pipe manufactured in accordance with ASTM D2996. This odor control system exchanges the air within enclosed areas 12 times per hour. The pipe and fitting as manufactured by Daniel Mechanical, Inc. met or exceeded the specifications for this contract.

If you have any questions, please give me a call at (209) 571-5149.

Sincerely,

Robert C. Meleg  
Associate Civil Engineer
