October 23, 2001

Daniel Mechanical, Inc.  
Mr. Tim Malki, Project Manager  
2185 East 7<sup>th</sup> Street  
Los Angeles, CA 90023

Mr. Tim Malki

I wanted to take this opportunity to thank and commend you and your staff for all your efforts over the past three years. I appreciate you and Dan hanging in there through the tough times and getting the job done right. As you know the multistage scrubber system that you manufactured and installed was an integral part of our facility upgrade. It is presently up, running, and performing well. In addition to the craftsmen who worked on the project, I would like to recognize your efforts while serving as our primary contact. You provided start-up assistance and training as well as ongoing technical support.

We look forward to working with you in the future and certainly would not hesitate to recommend Daniel Mechanical to our peers.

Sincerely,

John Bailey, Superintendent  
Wastewater Division
